

## Lights Out

Flickering light  
Like a breath  
Could kill it,

extinguished,  
executed...

destroyed.

Flickering light  
As if a substance has  
Taken over it.  
masked.  
restrained,  
weak.

Control is  
Lost on the  
Flickering light.

Flickering light  
Is no  
More.

Gone away  
Far,  
Away.

Touch the point  
And trace  
It down.

Once standing  
Tall, now drip  
Drip

Dripping down.

Into nothing,  
A forgotten  
Old thing.

Light spots amongst  
A darkness, is  
Something there?  
Someone there?

Feel  
For the  
Warmth.

Feel for the warmth.

Hands outstretched  
Mind open  
Senses alert.

Awaken thoughts,  
Awaken dreams,  
Could they be real?  
Is this really happening?

It's there, the being's there, she's  
there...  
Not seen  
But felt.

In a  
Dark room  
She encompasses you.

Warmth of the  
Dead  
Light.
