Toss the new born to the swinging blades; c/h/o/p it up,

Just small enough to dip into a packet of sweet and sour.

19,011 moos, chirps, and oinks silenced every minute. 120 seconds of tenderness before the ride is over.

A Clown with magic tricks- 1 billion animals vanished!

"How did he do it?"

A Colonel on a verge of a holocaust,

"They're over populating the world! Control Them!"

A 12 year old girl slaughtering with no mercy.

"I don't like this chicken, I want a new one!"

How would they survive without genocide?

It's Okay, Just as long as it taste like chicken,

Dairy cows impregnated by an artificial penis. ----- GOT MILK?
